

Roll Goods and Custom Fabrication

Fabric Description	Part No.	Color	Width	Approx. Yds. /Roll	Approx. Wt./ Roll	Full Roll Ln. Yd	Cut Yardage Ln. Yd	Custom Fabrication Sq. Ft.
Spectra Orange See-Thru - Patented formula for the "near ideal" transparent welding curtain material. Heavy duty 14 mil vinyl film. Stops dangerous U.V. radiation and minimizes arc glare. Meets CFM* requirements.								
	250-60	Org/Red	60"	100	140#	\$12.48	\$13.73	\$1.05
	250-72	Org/Red	72"	100	165#	\$14.36	\$14.93	\$1.05
Spectra Forty - Same patented formula as our regular Spectra but extra thick. 40 mil thickness provides for extra strength, longevity, and added abrasion resistance. Meets CFM* requirements.								
	280-48	Org/Red	48"	50	160#	\$23.00	\$23.92	\$2.60
See-Thru - Heavy duty 14 mil vinyl film. Stops dangerous U.V. radiation. Meets CFM* requirements.								
	500-60	Gold (Yellow)	60"	100	140#	\$11.86	\$13.05	\$1.05
	500-72	Gold (Yellow)	72"	100	165#	\$13.65	\$14.20	\$1.05
	600-72	Green	72"	100	165#	\$13.65	\$14.20	\$1.05
	800-72	Gray	72"	100	165#	\$13.65	\$14.20	\$1.05
See-Thru Forty - Heavy duty 40 mil vinyl film. Stops dangerous U.V. radiation. 40 mil thickness provides for extra strength, longevity and abrasion resistance. Meets CFM* requirements.								
	540-48	Amber/Bronze	48"	50	160#	\$23.00	\$23.92	\$2.60
Plasma See-Thru - (extra dark green/shade 8) Heavy duty 14 mil vinyl that stops far U.V. radiation and provides excellent blue light protection. Excellent for plasma cutting or extremely bright welding arcs. Meets CFM* requirements.								
	900-72	Extra Dark Grn	72"	100	165#	\$13.65	\$14.20	\$1.05
Rip-Stop - 13 oz. vinyl laminated polyester scrim. Resists tearing and ripping. Resistant to oil, mildew, water and most acids. Meets CFM* requirements.								
	350-61	Red	61"	100	105#	\$10.50	\$10.92	\$1.10
	550-61	Black	61"	100	105#	\$10.50	\$10.92	\$1.10
	650-61	Blue	61"	100	105#	\$10.50	\$10.92	\$1.10
	750-61	Orange	61"	100	105#	\$10.50	\$10.92	\$1.10
	850-72	Yellow	72"	100	130#	\$12.50	\$13.00	\$1.10
	950-72	Green	72"	100	130#	\$12.50	\$13.00	\$1.10
Canvas Duck - 10 oz. medium weight, resistant to fire, water and mildew. The economical choice for most welding applications.								
	110-60	Green	60"	100	200#	\$10.25	\$10.66	\$1.10
	150-50	Yellow	60"	100	200#	\$10.25	\$10.66	\$1.10
Clear Vinyl - Heavy duty 14 mil colorless vinyl film. Excellent for draft curtain, chipping, grinding, paint and general use. (Not to be used for welding.) Meets CFM* requirements. U.V. absorbers inhibit crazing and cracking.								
	400-72	Clr / Colorless	72"	100	165#	\$13.65	\$14.20	\$1.05
Clear Forty - Heavy duty 40 mil colorless vinyl film. Excellent for those areas that need extra protection and abrasion resistance. Meets CFM* requirements. (Not to be used for welding.) U.V. absorbers inhibit crazing and cracking.								
	440-48	Clr / Colorless	48"	50	160#	\$23.00	\$23.92	\$2.60
See-Thru Heavy Gauge - Heavy gauge transparent vinyls. Transparent/welding, sound attenuation, chip control. Meets CFM* requirements.								
	S848-40	Clear 80 mil	48"	40	240#	\$33.95	\$35.30	\$3.52
	S1648-40	Clear 160 mil	48"	20	240#	\$63.00	\$65.52	\$6.62
	S848-50	Amber 80 mil	48"	40	240#	\$42.84	\$44.55	\$4.10
Electro Safe - Heavy duty 12 mil transparent vinyl film. Grounding scrim eliminates static electricity. Grounds to 0 kv. Excellent for clean rooms, dust free environments, computer enclosures. Meets CFM* requirements.								
	450-72	Clr / Colorless	72"	100	100#	\$22.16	\$23.04	\$2.25

Weld-O-Glass - High temperature asbestos replacement fabrics. See Pages 9 & 10

See-Thru Strip Curtains - Walk Thru/Drive Thru. See Pages 7 & 8

Noise Control Fabrics - See Separate Literature

Minimum size for pricing a Custom Fabricated / Made to Order curtain is 20 sq.ft.

All Wilson Fabrics meet or exceed the California Fire Marshall specifications for flame retardancy & NFPA 701, small scale.

All Wilson Fabrics can be electronically welded or sewn together in any size and/or combinations requested.

NOTE: Wilson Industries fabrics are not intended to replace the use of goggles, visors, inspection window, safety lens, and/or helmets for eye protection.
