USDA accepted material and reinforced material available, contact factory for price information.

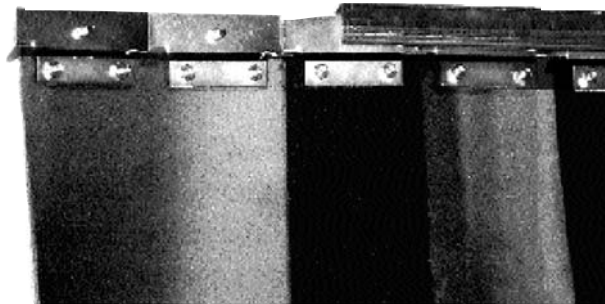

(A) Cut to length and punched to match SB500.

(B) Most rolls will be one continuous piece. If it is necessary to ship multiple pieces, there will be no more than three pieces per roll and a minimum length of 25ft.

Support Systems

SB500 Support Bracket/Channel Track

Please specify exact lengths needed. SB500 may be mounted directly into the wall or lintel. SB500 may also be used with Wilson Track Hardware (flush, suspension, or floor mounted.) See page 5 for additional information.

Order exact size, but compute price to next largest foot. Price includes stud welded support bracket, sectionalized front bar, nuts, channel track and end stops.
